

Juan Pablo Sierra Amariles

Full Stack Developer

Alicante, Spain | juanpablosierra36@gmail.com

PROFESSIONAL SUMMARY

Full-stack developer with professional experience at NTT DATA, working with Angular, Spring Boot and Java. I have a Higher Vocational Training Certificate in Web Application Development, and I also build personal full-stack projects like similart, a real-time multiplayer game. I enjoy working on both backend and frontend, and I am always learning new technologies.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript

Frontend: Angular, HTML5, CSS3, React

Backend: Node.js, Express, Socket.IO, Spring Boot, Java

Databases: Oracle, SQLite, PostgreSQL

Tools & Practices: Git, CI/CD, Agile/Scrum

WORK EXPERIENCE

Full Stack Developer — NTT DATA, San Juan Beach Alicante

Jun 2024 – PRESENT

- Built a real-time internal application (Angular, Socket.IO) together with a team of 3 colleagues, adopted company-wide.
- Learned how to work in a teleworking environment.

Shop Assistant — Todo Hogar Express Comercial Pasmer SLU, Petrer

Mar 2022 – Sep 2023

- Gained confidence in customer service, speaking with customers and offering solutions for any challenge.
- Gained the trust of colleagues to handle difficult tasks.

IT Support — IVS Computer Solutions, Sax

Mar 2021 – Jun 2021

- Provided IT support and repaired devices for retail customers.
- Managed invoices and orders through the store's database system.
